

DR. GEOFF GENTRY

Dr. Geoff Gentry is Clarity's Senior Vice President of Clinical Services and Joint Commission Accreditation Survey Coordinator. He also oversees Clarity's clinical training program and provides clinical supervision/consultation and individual and family therapy. Dr. Gentry is an Adjunct Assistant Professor in the Psychiatry Department at UT Health San Antonio™, formerly known as UT Health Science Center San Antonio, where he teaches and provides supervision for psychiatry and psychology residents and Fellows. He has provided training at Clarity CGC and in the community in several areas of child and adolescent mental health, including Trauma-informed Care, Collaborative Problem Solving and the Child/Adolescent Symptom Intensity Instrument (AACAP Certified Trainer). Dr. Gentry is a member of the American Psychological Association, APA Practice Organization, Bexar County Psychological Association, Community Advisory Board of the Nurse-Family Partnership of San Antonio, and the San Antonio Society for Psychoanalytic Studies. His professional/clinical interests include psychodynamic psychotherapy, integration of individual and family assessment and therapy, staff development, and clinical consultation.
